

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that Royal Baking Powder is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.

PETE DUFORD SUFFERS FROM GASOLINE BURNS

While working in his shop Wednesday afternoon Pete Duford of the Ontario Garage was painfully burned about the hands and had a narrow escape from still more serious injuries.

An assistant accidentally overturned a lighted blow torch into a pan of gasoline in which parts had been washed and the flames started to spread. To avoid further trouble Mr. Duford seized the blazing pan and rushed to the rear of the building and enroute his hands were burned and his clothes took fire. Without hesitating Mr. Duford threw himself to the ground and rolled in the sand thus smothering the fire on his clothes and preventing dangerous injuries. Aside from painful blisters on his right hand he is none the worse for the experience.

While only preliminary announcements have been received further notices will be forthcoming and may be secured by inquiring of H. L. Cockrum of the First National bank of this city.

ATTEMPT TO ESCAPE RESULTS IN DEATH

Earl G. Love Sent to Penitentiary From This County Is Killed at Salem Friday.

Earl G. Love, who was sentenced to from two to 20 years for a statutory crime from this county was killed at Salem Friday when he attempted to escape from the state prison.

This was not Love's first break for liberty. While in jail at Vale awaiting sentence he was detected with quantities of pepper in his pockets to be used to throw in the eyes of the jailers. He was frisked and the pepper taken from him. This did not deter him however, he dug thru the walls of the jail and secured liberty for a short time. His other attempts were also partially successful.

DRAMLAND'S ATTRACTION GENTLEMAN FROM INDIANA

Dustin Farnum has long been recognized as one of America's leading actors. His presentation of "The Virginian" is one of the truly great pieces of acting that this country has produced, and with it and closely approaching it is merit is that of "The Gentleman from Indiana," which will be seen at The Dreamland Saturday evening.

This is the story of the play:

After leaving the university where he has been one of the greatest football stars in years, John Harkless (Dustin Farnum) plunges into the thick of Indiana politics through purchasing the Platville Herald and fearlessly smashing the corrupt political machine of Rodney McCune.

While this in a few words describes the gist of the play it by no means conveys to the reader the wonderful photoplay that has been built around Booth Tarkington's very human story. Pen and ink cannot describe the smoothness of the action, the transition from scene to scene as Mr. Farnum lives, not acts, the part of the character he is portraying.

To the man or woman who was born in a small town the "Main street" of Platville will seem like a picture of the old homestead. To the city born it will bring a view of what a country town really looks like. And the characters are the everyday persons one meets in a town of this kind. The local political "boss," the university professor, who has fallen from grace b his love for liquor, reforms when offered a helping hand; the leader of the "Whites-caps" and his crew of ruffians; the girl who has been adopted by her aunt in the city, all are true to life.

For those who like a strong love story, of a real man and a real woman will not be disappointed. Every human element is offered at the Dreamland, Saturday, Sept. 30.

EQUALIZATION BOARD HAS STORMY SESSION

(Continued from page one)

ining whether or not the assessment of affiant's land as above set forth is a fair, just, equitable and honest assessment."

"That except the property of the affiant herein, that none of the property of Malheur county is assessed at its actual cash value. That said assessment roll shows the sheep are assessed \$3.00 per head, whereas the actual cash value of sheep is \$8 to \$9 per head; said roll shows cattle to be assessed at \$25 per head, where as the actual cash value of cattle in said county is from \$60 to \$75 per head; said roll shows horses assessed at \$23 per head, whereas the actual cash value of horses is from \$50 to \$100 per head.

This affiant further states that said assessor of Malheur county has announced that he has assessed the property of the county at forty per cent of its actual cash value and that he has actually assessed money at only forty cents on the dollar.

Affiant further states that by reason of the unjust, unfair and unequal classification of farm lands in Malheur county, that farm lands are not assessed at the actual cash value nor at forty per cent of the actual cash value, but that said lands are assessed at ten per cent of the actual cash value, whereas the property of the affiant herein is assessed for more than its actual cash value.

Affiant further desires to object to the assessment of the lands of the affiant, and also desires to object to the entire assessment roll of Malheur county, and refers to said assessment roll and makes same a part of this objection, the specific point of said objection to said assess-
